

CDC COVID-19 COMPLIANCE

Temporary Rules and Procedures

BEGINNING ON APRIL 24, 2020, AT 5:00 PM

CANBY ROD & GUN CLUB - ALL FACILITIES

On Monday, April 20, 2020, the Board of Directors authorized normal access to the club facilities, subject to rules and procedures to prevent the spread of the COVID-19 virus among the users of our facilities and in our community at large. In summary, these rules and procedures deal with implementing CDC recommendations and Oregon Executive Order 20-12 requirements for “social distancing”, basic hygiene and sanitation, and cleaning and disinfecting our areas of operation.

The details of these rules and procedures are contained in the attached four sheets, and are displayed at many locations at CRGC. They are also posted on the CRGC web site, and can be found at the COVID-19 menu item on the left side of the web pages.

All members, guests, and other users are expected to comply with the CDC rules and the CRGC procedures. Those who do not will be requested to leave the CRGC grounds, and may be reported to the Board of Directors for further action.
